Missioner to Business in Leeds City Centre

We are looking for an ordained leader to pioneer a new weekday ministry in the heart of one of the UK's most vibrant, diverse and exciting cities to reach people who work in Leeds with the Good News of Jesus Christ.

We are already moving on with the building development required to enable Holy Trinity Church, Boar Lane to once again be an asset for mission. We now seek a colleague who will progress the vision for the new ministry - including recruiting staff, developing networks and gathering a core team - before activity out of the building begins in September 2020.

If you relish the pace of city life, thrive in corporate environments and understand business culture, have experience of outreach among young professionals and have a passion for resourcing Christians to live out their faith effectively in the workplace, then we would love to hear from you.

For further information, or for an informal conversation about the post, please contact
Canon Sam Corley, The Rector of Leeds
sam.corley@leeds.anglican.org

Appointment subject to a satisfactory enhanced DBS disclosure.
